

THE UNIVERSITY OF LAH()RE

Manual for Student Enrollment

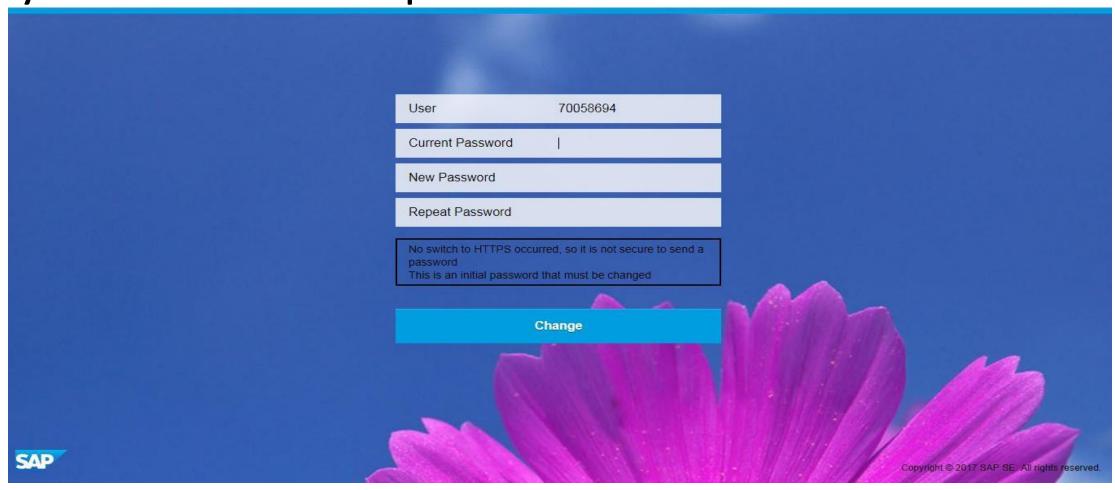

Go to "hub.uol.edu.pk"

At this page enter your **Student SAP ID** and **Default Password** and click on **Log On**

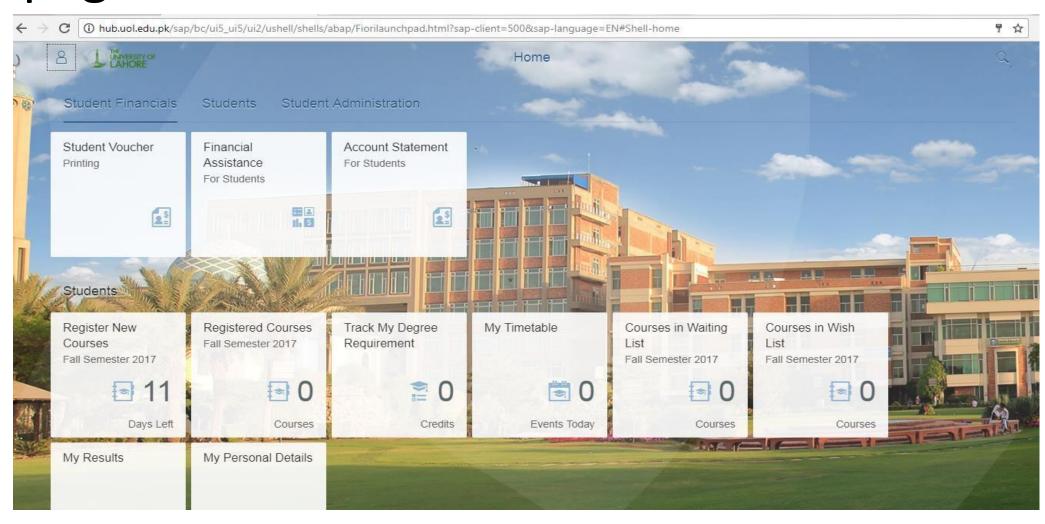

You'll be asked to change your Password. First enter your current password and then enter your new desired password.

You'll get the following message.

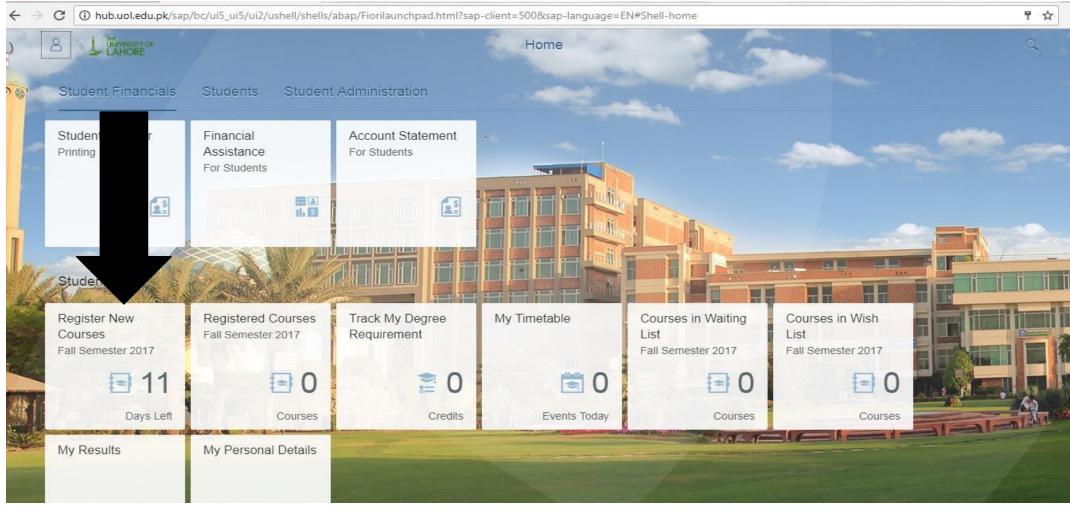

After logging on, you'll get the following page.

At this page click on the tile Register New Courses.

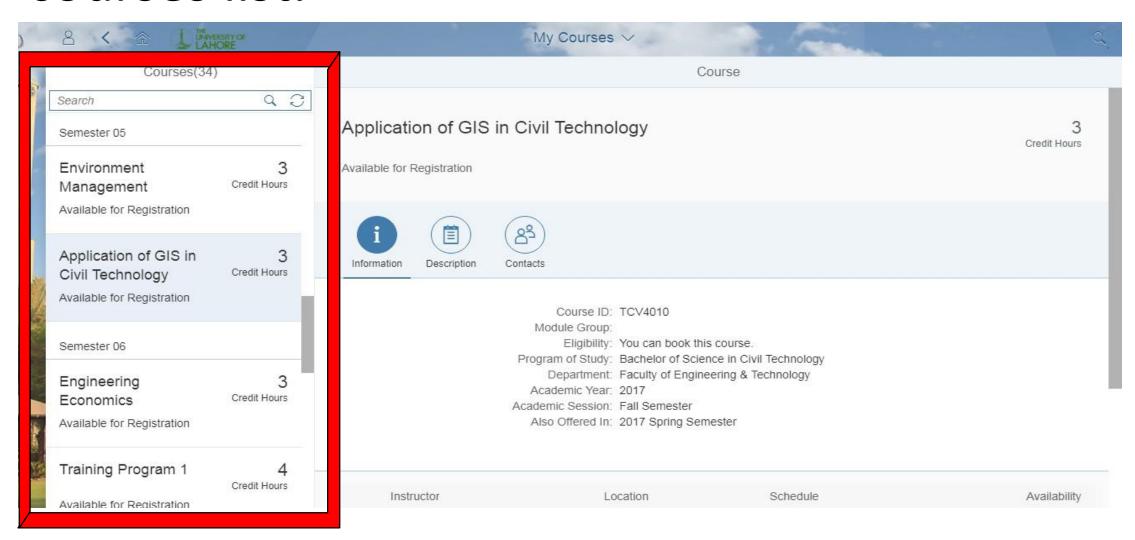

There is mentioned remaining days on this tile to enroll your courses. Student must enroll his courses before closing this date.

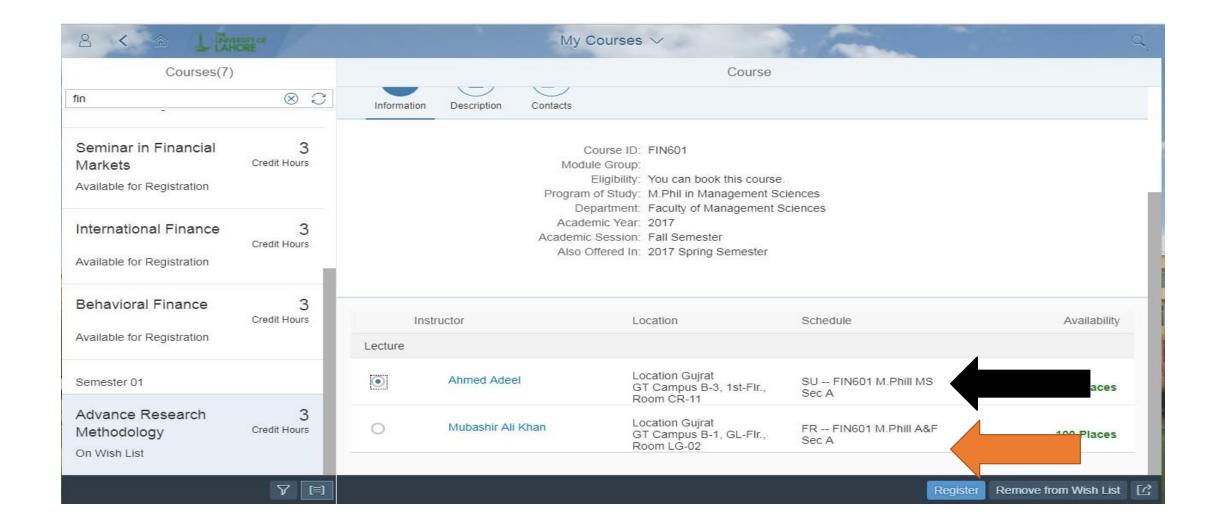

After clicking on the tile you'll get your courses list.

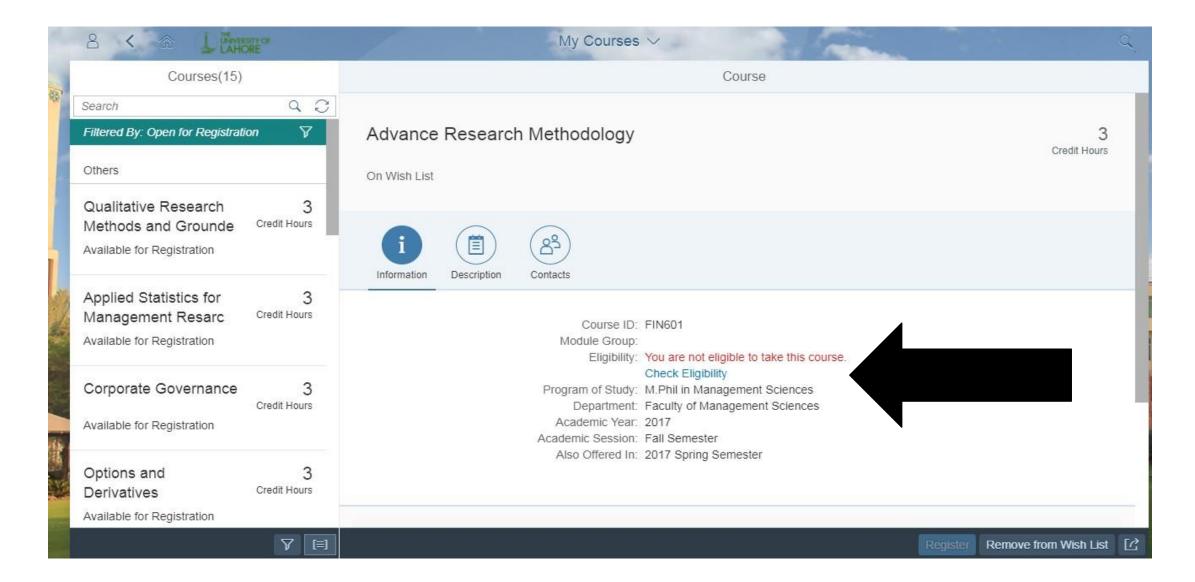

Click on the desired course you'll get information about that subject. Check your course name and Cr. Hours carefully and ensure that you are enrolling correct course.

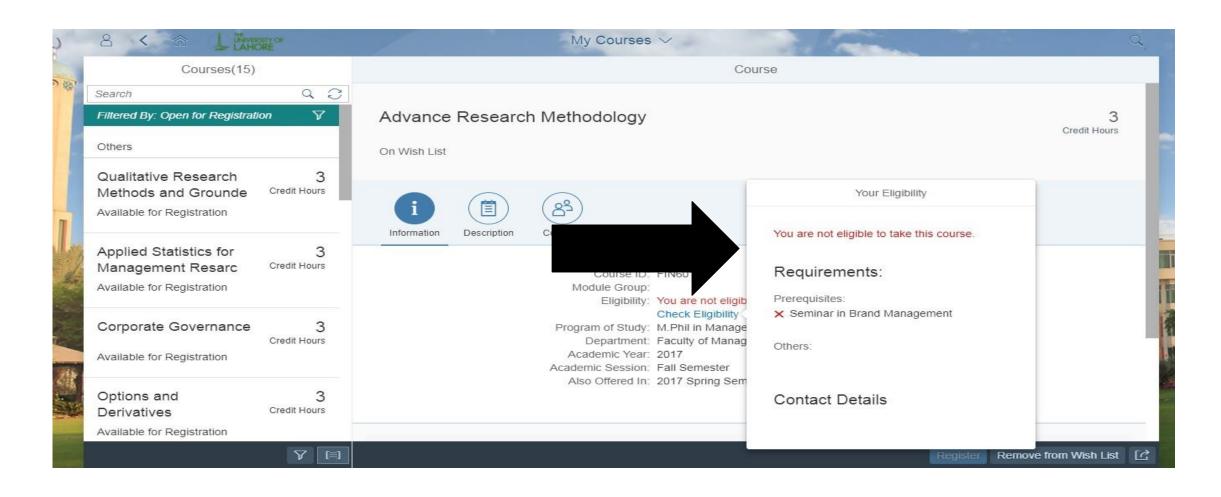

Select the Section of the Course.

If you are unable to register the course then check eligibility as shown in the following figure.

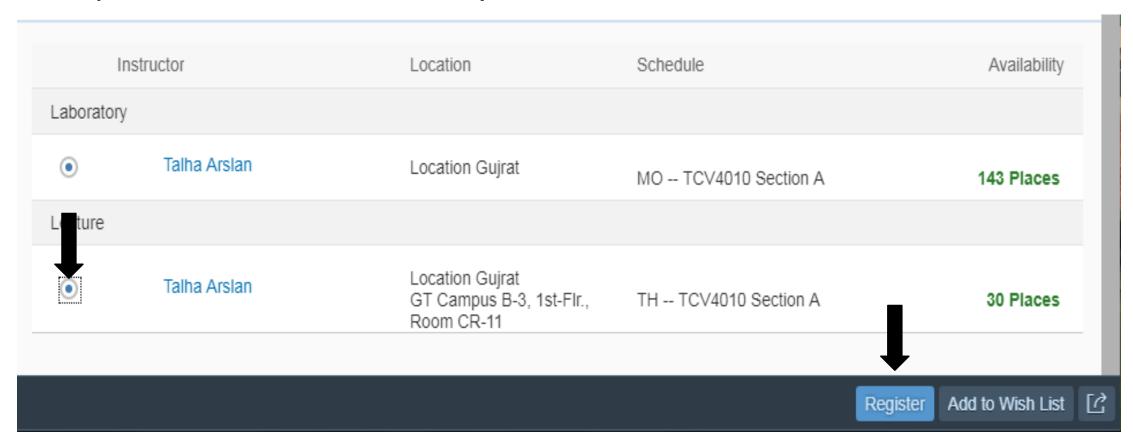

If there is mentioned, "you are not eligible to take this course" this means that you are not fulfilling the criteria i.e. you have not passed prerequisite course

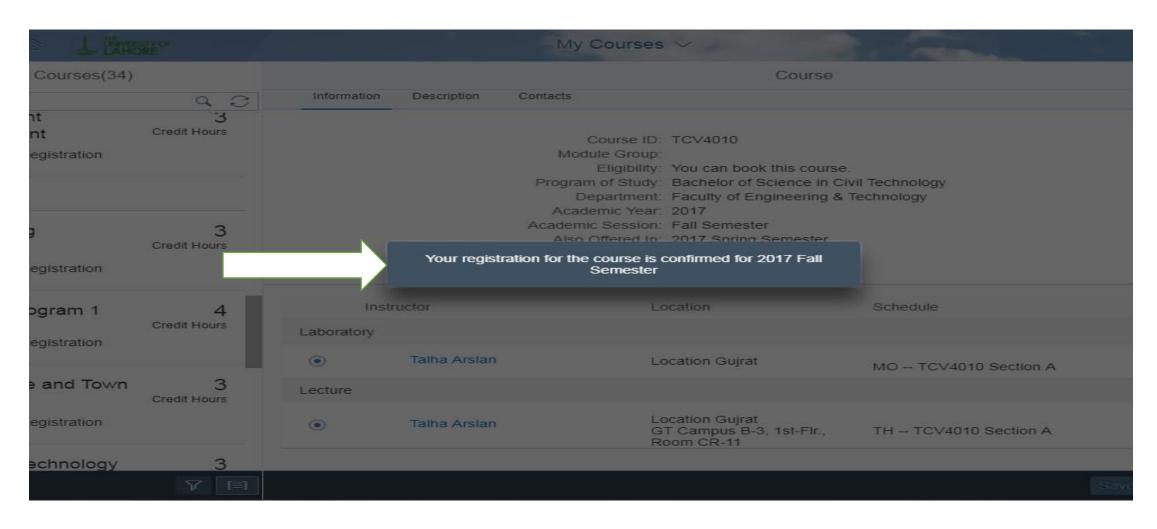

Scroll down and click on **Radio button** to enroll your course and then click on **Register.**

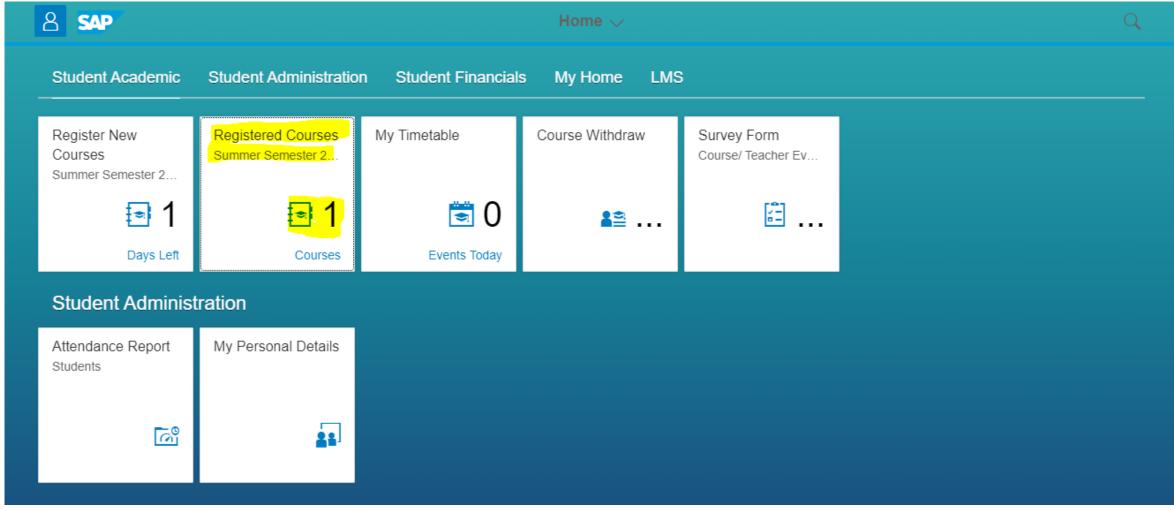

If there is both Lab and Lecture for a course, selecting one component will automatically select other.

After Registration you'll get the following message.

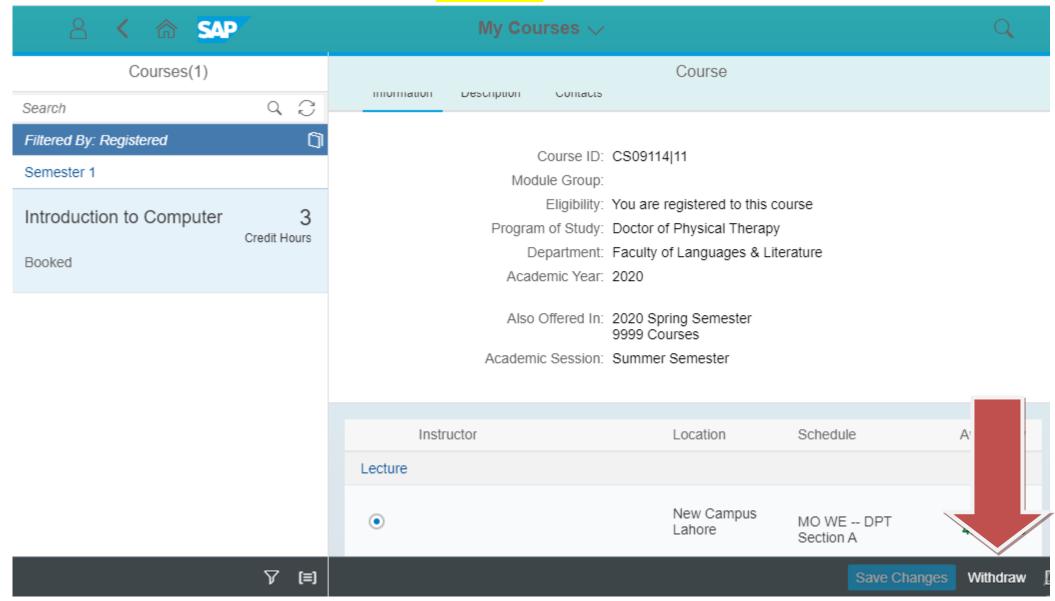

If you want to drop a subject, Go to the Registered Courses Tile.

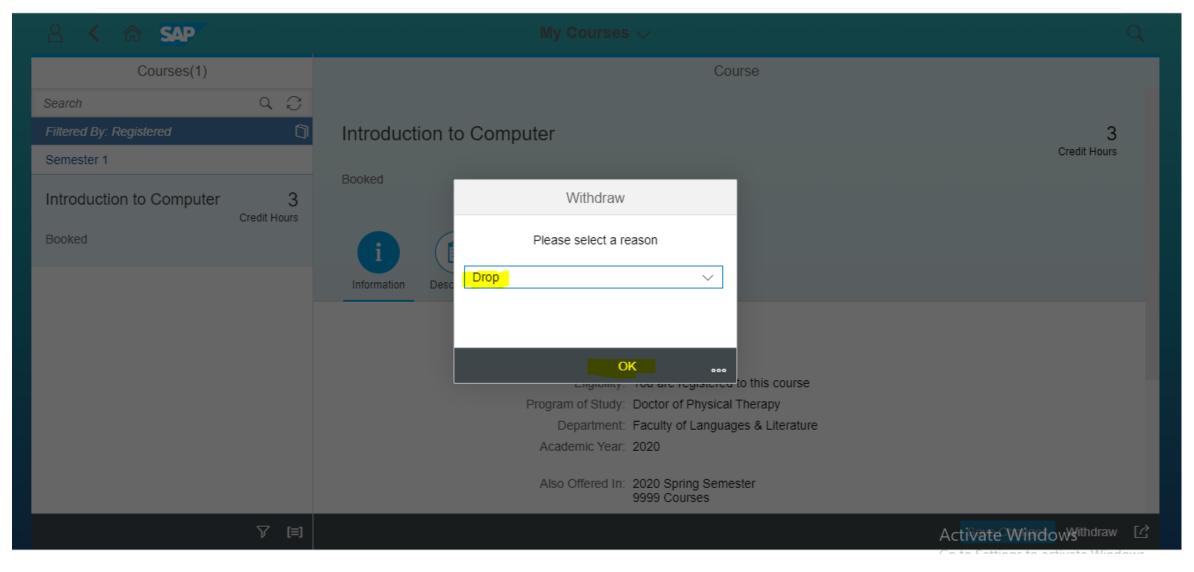

Select the course and click on

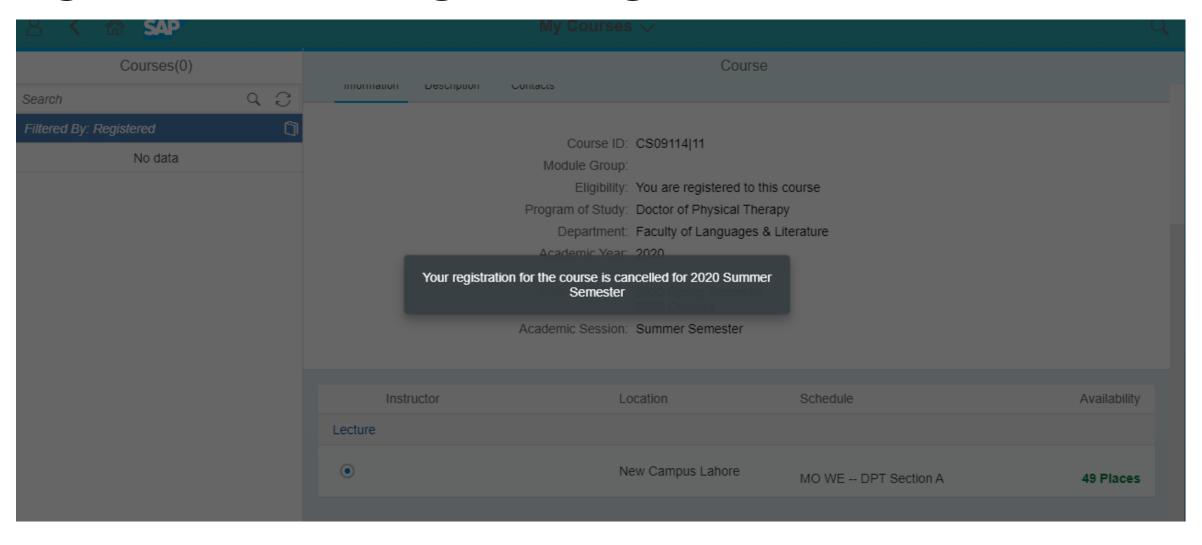

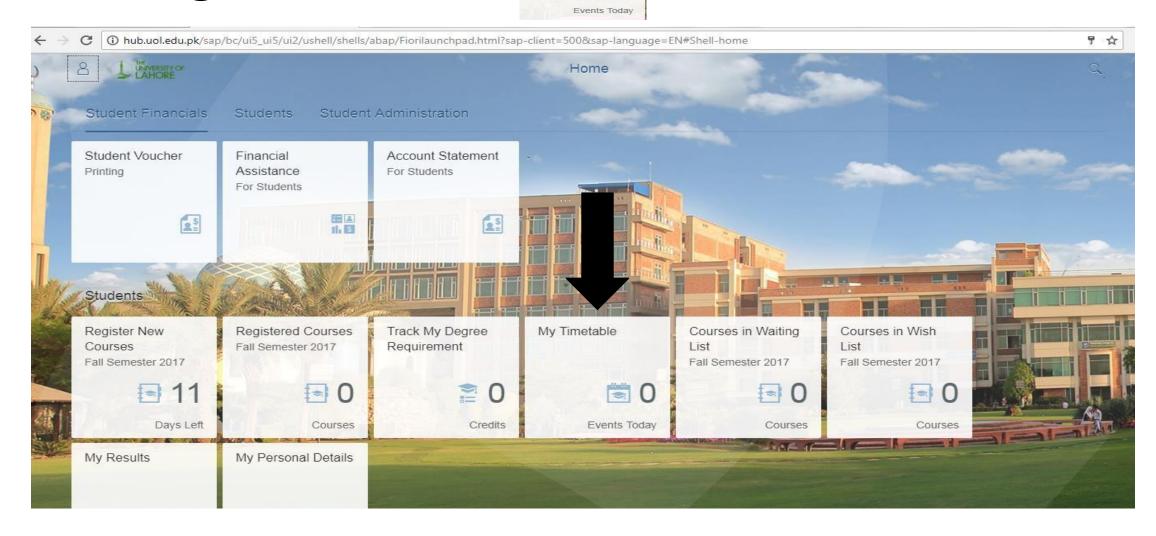

Then select the "DROP" and click ok.

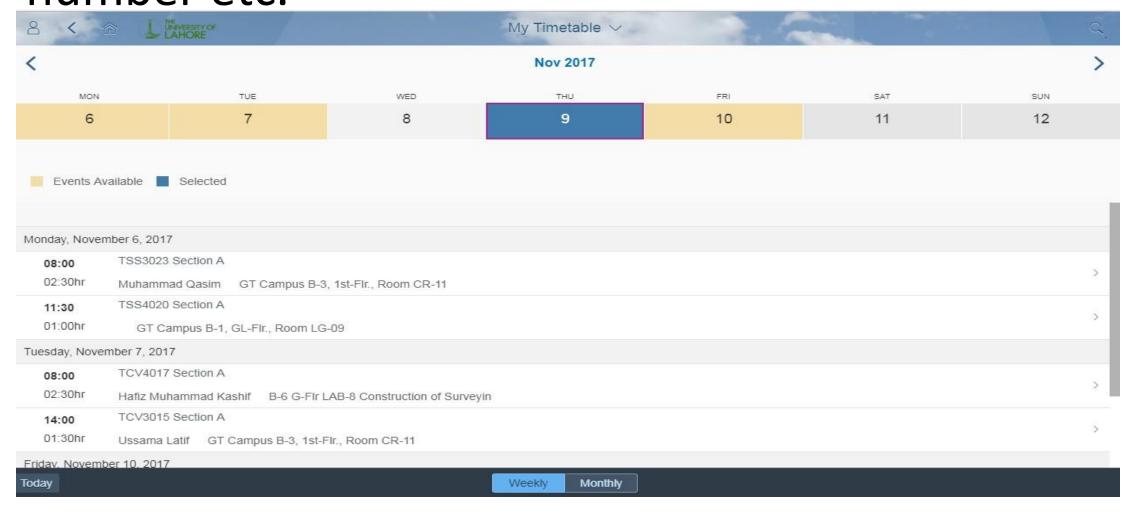

After successful drop of your course, you'll get the following message.

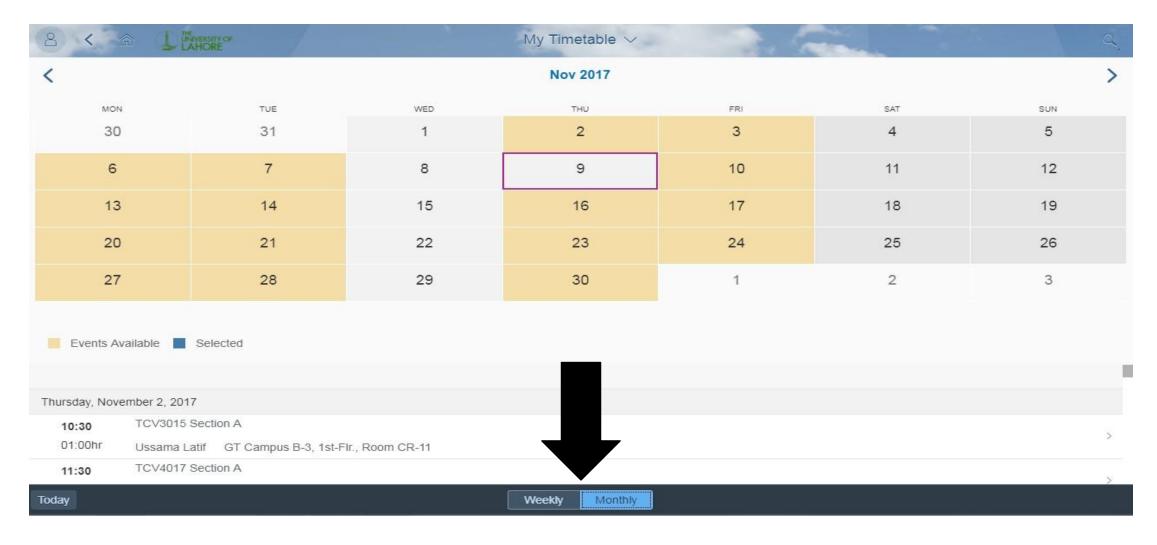

You can see your courses time table by clicking on this tile

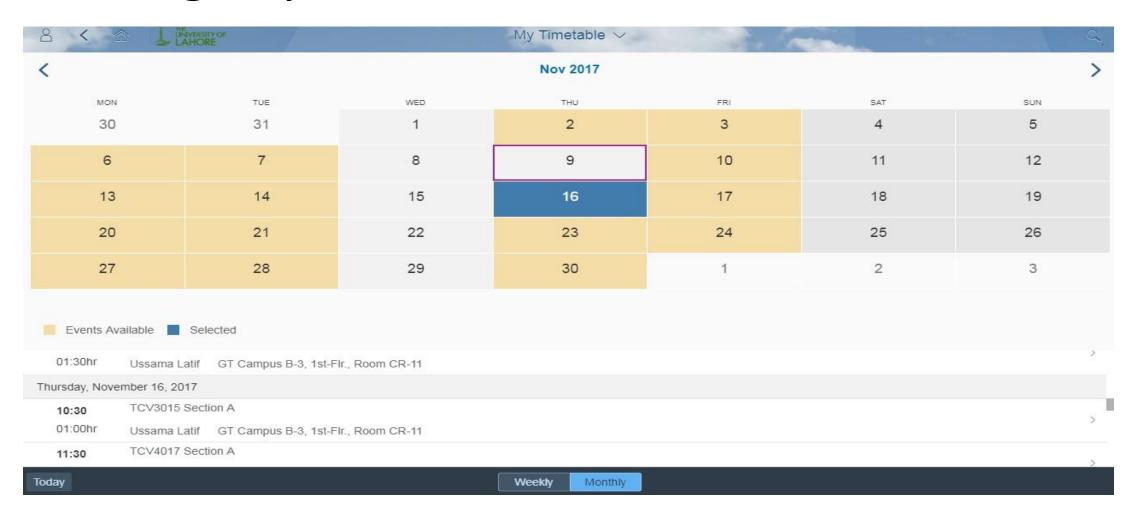

Here you can see complete details of the course i.e. date, time, day, section, teacher, room number etc.

You can see your course time table weekly and monthly by clicking on buttons.

You can also get the detail of your lectures by clicking any date.

For signing out, simply click on **Sign Out** and click **OK**
